# Beyond 2021 Initiative

## National Incident-Based Reporting System

Cindy Barnett-Ryan  
Survey Statistician  
Federal Bureau of Investigation  
Uniform Crime Reporting Program

# Background

- Established in 2019 to assist in the creation of the FBI UCR Program Roadmap to 2021 and Beyond.
- Engage the stakeholder community through the Advisory Policy Board (APB)
  - UCR Subcommittee Task Force and Subject Matter Expert (SME) groups within the UCR Subcommittee of the APB
- Establishing recommendations for modifications to the FBI UCR Program in five areas:
  - Data Publication
  - Edward J. Byrne Justice Assistance Grants (JAG)
  - Data Elements
  - Data Collection Strategy
  - National Academy of Sciences – Modernizing Crime Statistics Study

## Structure

- Beyond 2021 Task Force
  - The Beyond 2021 Task Force is charged with creating the recommendations that will be put forth to the UCR Subcommittee for the UCR Program Roadmap.
- Beyond 2021 SME Groups
  - Beyond 2021 SME Groups are charged with ensuring the value of FBI crime data is realized by all FBI UCR Program data submitters and consumers.

# Beyond 2021 SME Groups

- Governance
- Offense Definitions
- ***Measures of Harm for Crimes Against Property and Society***
- ***Measures of Harm for Crimes Against Persons and Other Violent Crime***
- Sex Offense Nomenclature
- ***Publication***
- Geolocation
- JAG
- ***Law Enforcement Officers Killed and Assaulted***

## Proposed Changes Recommended by the CJIS Advisory Policy Board

- Updating information on firearms and their use
- Adding injury information on homicide victims
- Updating sex offense definitions
- Endorsement of sub-jurisdictional geolocation added to the NIBRS incident
- Modernizing information on property and drug crime
- Creation of a NIBRS Offense Crosswalk repository
- Additional data values to existing data elements recommended outside of Beyond 2021 Initiative
